Ms. Carol Everett,

We are writing in regards to the docket #1299 Slaughterhouse of Rick's Place, Mr. and Mrs. Richard and Carol Turner. My name is Richard Turner Jr. and I am also writing on behalf of my girlfriend Caitlin Maloney. I am the son of Mr. and Mrs. Turner, and have helped them work in the shop from time to time over the years. Personally I feel that this is more of a personal issue between the neighbors over the road, rather than my mother and father's business. We have been accused at operating during off hours, as the neighbors have seen many cars drive down our road during those off hours. My father is one of nine children and my mother is one of fifteen children. Having such a large family, we have mulitple cousins and other extended family that frequently come over to visit, especially in the evenings and on the weekend. My father is a very respected, honest, and trustworthy man and when he was told the hours of operation he abided by them. Bottom line, not only do we have many customers out of all three counties, but many family members and friends that also bring their deer to us. This is my parent's living, they have worked hard for what they have and to provide for their family, please don't take their livlhood away from them. This wouldn't only be hurting them and our family, but the whole tri-county agricultural community and their families as well. The only people who would be getting satisfaction out of this whole ordeal is the neighbors who have done nothing but threaten, harrass and invade our privacy. That is my last word in this matter. Thank you for you time.

Sincerely,
Richard Turner Jr. and Caitlin Maloney
