Mission Statement – The mission of Charles County Government is to provide our citizens the highest quality service possible in a timely, efficient and courteous manner. To achieve this goal, our government must be operated in an open and accessible atmosphere, be based on comprehensive long- and short-term planning and have an appropriate managerial organization tempered by fiscal responsibility. We support and encourage efforts to grow a diverse workplace.

Vision Statement – Charles County is a place where all people thrive and businesses grow and prosper; where the preservation of our heritage and environment is paramount; where government services to its citizens are provided at the highest level of excellence; and where the quality of life is the best in the nation.

Americans With Disabilities – The Charles County Government welcomes the participation of individuals with disabilities. We comply fully with the Americans With Disabilities Act in making reasonable accommodations to encourage involvement. If you require special assistance and would like to participate in our programs, please contact the Charles County Government directly.
