Explanation of New Fees

- 3 This is an application fee to cover staff time and effort which goes into the review of this application. Typically this review involves research, calculations and correspondence to the applicant. Review functions are required by the Charles County Zoning Ordinance (Zoning Ordinance, Article XVI, "Adequate Public Facilities", Section 297-257F "...the applicant shall submit a preliminary traffic analysis..." and "The Zoning Officer shall review the preliminary analysis to determine if it satisfies the standards...", etc.). The Ordinance also provides authorization to charge fees.
- 4-9 These fees include the time required to review revisions to previously approved Forest Stand Delineations and Forest Conservation Plans (jointly referred to as "plans"). This process includes a review of plans and narratives, and the process of providing comments and receiving responses from the engineer. These reviews ultimately include approval of a new plan. The engineering community has stated that typically, the original approved submissions do not reflect engineered site design. Therefore, for any given plan, we may see two or more revision requests, after an approval has been granted. This fee is not intended to apply to Forest Stand Delineations submitted to include new land areas or to replace expired plans. Additionally, this fee is not intended to apply to revisions to Forest Conservation Plans that have not yet been approved, to include new land areas, or revise recorded conservation easements. Section 237-5(G) of the Code of Charles County allows for development fees to be charged to forest conservation. In addition, Section 298-21 and Section 298-22 of the Code of Charles County allows for the charging of fees for the review of Forest Stand Delineation and Forest Conservation Plans.
- 10-14 This is consistent with Article I, 297-4 (D) of the Charles County Zoning Ordinance. Requesting these penalty fines be added to the Fees and Charges list.
- 15 Request that a fine be added to the Fees and Charges list in accordance with Article XIX, 297-321 (A)(11) of the Charles County Zoning Ordinance. This was authorized when the Commissioners passed the sign ordinance update with Bill 2012-07 & enacted amended Section 297-321 A (11).

Explanation of New Fees

- 18-19 This fee is included in the new building inspection contract.
- 20-21 Inspection required as part of the County's adoption of the 2012 International Energy Conservation Code (IECC). The energy efficiency inspection for garages can be considered a new fee. The intent is for a clarification that this inspection is now required for these type of structures. This fee requirement became necessary when the updated Building Code was enacted last year, effective 11/30/12.
- 22 Section 106.4 of the recently adopted Property Maintenance Code establishes that penalties can be collected.
- 23 This is a Stop Work Order alternative. The International Building Code (IBC) Section 108 allows for the establishment of such fees.
- 24 This fee covers staff time involved in review. Provisions in the International Building Code (Section 108) allows for the establishment of such fees.
- 26-28 These penalty fees would be established to offset costs incurred by the County for implementing the Nuisance and Abatement Regulations. The proposed legislation includes the ability to establish fees. The Nuisance Fee would be levied if the property owner ignored notices and they were brought before the Nuisance Board at a scheduled hearing. The Nuisance and Enforcement Fee would be levied if the property owner ignored notices, then was brought before the Nuisance Board at a scheduled hearing and the County had to enforce an issued Order. Monies would cover staff time, Department overhead and office supplies.
