Seminar Series Announcement

As part of the Continuing Seminar Series by the Department of Planning & Growth Management, a seminar on Traffic Calming and Subdivision Design is scheduled for June 19, 2014 at 9:00 AM in the Commissioners' Meeting Room, which is located on the first floor of the Charles County Government Building in La Plata, Maryland.

Traffic calming has become a big issue within the Charles County development district. Until now, the discussion has been all about remediation--making traffic modifications after the fact to slow traffic down in neighborhoods. This seminar will be about designing neighborhoods with traffic calming in mind. Indeed, we will explore ways in which the need for traffic calming techniques can either be obviated from the start or built into the design.

We invite you to come join us for an interactive discussion in which audience participation will be encouraged.

"Those citizens with special needs, please contact Virginia Cooper, Charles County Department of Planning and Growth Management; Division of Codes, Permits & Inspection Services, voice phone number @ (301) 645-0618 or Maryland Relay Service TDD 1-800-735-2258."
