

# 2013 Blue Bin Recycling Schedule

## RECYCLING INFORMATION

Charles County operates five recycling centers located in various parts of the county. In addition to these centers, curbside recycling service is provided to residents within the more densely populated areas of the county with expansions occurring as often as possible.

**Blue bin materials are collected year-round on an every-other-week basis. Yard waste materials are collected weekly by a SEPARATE TRUCK, April through December.** All materials must be placed curbside by 7:00 AM to ensure pickup.

*Please note: For safety reasons, contractor employees are not permitted to physically cross the street. Therefore, recycling materials are serviced on the passenger side of the collection vehicle only.*

## CURBSIDE RECYCLING

The recycling schedule located within this brochure has been designed to aid residents who currently receive curbside service in determining exactly what weeks their bins should be placed curbside during the calendar year 2013. **Please note: Areas added to the curbside recycling route after the new year are added to the next year's calendar.** Please contact the Division of Environmental Resources at 301.932.3599 if you have any questions.

## SPECIAL PROGRAMS

### Latex Paint

**Did you know...** that thousands of tax dollars are spent each year on latex paint disposal as hazardous waste?

In fact, latex paint is **NOT** considered hazardous and can be placed in your household trash as long as it is solidified. Solidifying can be accomplished by adding kitty litter, shredded paper, sawdust, or old rags to the liquid latex paint to aid in drying it out. Paint solidifiers can also be purchased in hardware stores.

### HHW - Household Hazardous Waste Collection

Residential household hazardous waste collection is held the first Saturday of each month, April through December, at the Department of Public Works, 10430 Audie Lane (off of Radio Station Road) in La Plata, from 9:00 AM to 3:00 PM. Items accepted free of charge include pesticides, fertilizer, gasoline, fluorescent lights, oil-based paint, cleaning supplies, pool chemicals, batteries, prescription drugs, and other poisons that are around your house. Please keep the materials in their original containers whenever possible and bring them to the collection site in cardboard boxes to ease unloading. **Commercially generated hazardous waste is strictly prohibited.**

### Adopt-A-Road Program

Charles County continues to encourage residents to help combat the ever-increasing problem of littering by "adopting" a county road. Volunteers receive sign recognition in exchange for cleaning "their" road three (3) times in a calendar year (cleaning must be reported for credit). Gloves, bags, and safety vests are all provided free of charge as well as trash disposal (upon notification).

**Please call 301.932.3599 to adopt a county road!**

### Christmas Tree Recycling

### PRWC - Potomac River Watershed Cleanup

Come join the hundreds of other environmentally conscientious volunteers in their annual quest to help clean our watershed. The **25<sup>th</sup> Annual Potomac River Watershed Cleanup** will take place Saturday, April 6, 2013, 9:00 AM to NOON, *rain or shine*. This is an excellent opportunity for high school community service hours and merit badges. School yard, community cleanups and Adopt-A-Road cleanups are also strongly encouraged. Those that take place two weeks before the PRWC are considered part of the annual event and, therefore, statistical data counts towards grant considerations.

**Please help by donating three hours of your time to help keep Charles County clean and healthy ... call 301.932.3599 to volunteer!**
