21 Article II Forest and Tree Conservation Definitions

22 298-2 Definitions

23 In this Ordinance the following terms have the meanings indicated. Any term not defined in  
 24 this Ordinance shall have the meaning as defined in the Charles County Zoning Ordinance.

25 *Afforestation* means:

- 26 A. Establishment of a forest on an area from which forest cover has been absent for a
- 27 long period of time;
- 28 B. Planting of open areas which are not presently in forest cover; or
- 29 C. Establishment of a forest according to afforestation or reforestation
- 30 standards as provided in the Maryland Forest Conservation Technical Manual.

1           *Agricultural activity* means farming activities including plowing, tillage, cropping,  
2 installation of best management practices, seeding, cultivating, and harvesting for production of  
3 food and fiber products (except commercial logging and timber harvesting operations), the  
4 grazing and raising of livestock, aquaculture, sod production, orchards, nursery, and other  
5 products cultivated as part of a recognized commercial enterprise.

6           *Agricultural and resource areas* means undeveloped areas zoned for densities of less than or  
7 equal to one dwelling unit per five (5) acres[.]AND CORRESPONDS TO THE CHARLES  
8 COUNTY ZONING CLASSIFICATION: RURAL CONSERVATION DEFERRED  
9 DEVELOPMENT DISTRICT.

10           *Applicant* means a person who is applying for approval of a subdivision plan, site plan,  
11 County project, or a grading permit or sediment control approval, or who is seeking or who has  
12 received approval of a forest stand delineation or forest conservation plan.

13           *Approved forest management plan* means a document:

- 14           A.    Approved by the Department of Natural Resources forester assigned to the  
15                county in which the property is located; and  
16           B.    Which operates as a protective agreement for forest conservation as described  
17                in the Natural Resources Article, §5-1607(e)-(f), Annotated Code of Maryland.

18           *Caliper* means the diameter of a tree measured at 6 inches above the root collar.

19           *Champion tree* and *Champion tree of the State* means a tree which appears in the State Forest  
20 Conservation Manual list of State champion trees, as may be amended.

the person files a declaration of intent, Agricultural Activity Exemption, as provided for in Section 5 of this Article, which includes:

- (1) A statement that the landowner or landowner's agent will practice agriculture on that portion of the property for 5 years from the date of the declaration; and
- (2) A sketch map or site plan of the property which shows approximate existing forest cover and the forest area to be cleared.

E. The cutting or clearing of public utility rights-of-way licensed under Article 78, §§54A and 54B or §54-I, Annotated Code of Maryland or land for electric generating stations licensed under Article 78, §§54A and 54B or §54-I, Annotated Code of Maryland, if:

- (1) Required certificates of public convenience and necessity have been issued in accordance with Natural Resources Article, §5-1603(f), Annotated Code of Maryland; and
- (2) Cutting or clearing of the forest is conducted to minimize the loss of forest.

F. Routine maintenance or emergency repairs of public utility rights-of-way licensed under Article 78, §§54A and 54B or §54-I, Annotated Code of Maryland,

G. Except for a public utility subject to this Article, routine maintenance or emergency repairs of a public utility right-of-way if:

- (1) The right-of-way existed before the effective date of this Ordinance; or
- (2) The right-of-way's initial construction was approved under this Ordinance.

H. [An]A RESIDENTIAL CONSTRUCTION activity conducted on an existing single lot of any size if the activity:

- (1) Does not result in the cumulative cutting, clearing, or grading of 40,000 square feet or more of forest;

- (2) Does not result in the cutting, clearing, or grading of a forest that is subject to the requirements of a previous forest conservation plan approved under this Ordinance; and
  - (3) Is the subject of a declaration of intent, Single Lot Exemption, filed with the Department, as provided for in Section 5 of this Article, which includes a sketch plan or site plan showing existing forest cover and the area of forest to be cleared.
- I. Strip or deep mining of coal regulated under Natural Resources Article, Title 7, Subtitle 5 or 5A, Annotated Code of Maryland.
  - J. Noncoal surface mining regulated under Natural Resources Article, Title 7, Subtitle 6A, Annotated Code of Maryland.
  - K. An activity required for the purpose of constructing a dwelling house intended for the use of the owner, [or a child or a grandchild of the owner] **OR A CHILD, GRANDCHILD, PARENT OR SIBLING OF THE OWNER**, provided that:
    - (1) The activity does not result in the cutting, clearing, or grading of more than 40,000 square feet of forest; and
    - (2) The activity is the subject of a declaration of intent, Intrafamily Transfer Exemption, filed with the Department, as provided for in Section 5 of this Article, which includes a sketch plan or site plan showing existing forest cover and the area of forest to be cleared, and which states that transfer of ownership may result in a loss of exemption.
    - (3) If the activity requires a final plat of subdivision, the plat must include the following:
      - (A) The signature of each grantor, with the relationship to the grantee, and the signature of each grantee, with the relationship to the grantor; and
      - (B) A note which states that the subdivision is for the purpose

2 and that if the land does not remain in the possession of the  
3 grantee, the owner must notify the Department and may  
4 lose exemption from the Charles County Forest  
5 Conservation Ordinance.

6 L. A final plat of subdivision, a final site plan, or a sediment control plan  
7 approved before the effective date of the County Forest Conservation  
8 [Program]ORDINANCE.

9 M. A valid preliminary plan of subdivision approved before July 1, 1991.

10 N. All or parts of a [p]Planned [u]Unit [d]Development that, by December  
11 31, 1991, have:

12 (1) Met all local requirements for planned unit development approval;  
13 and

14 (2) Obtained initial development plan approval by the Charles County  
15 Commissioners.

16 O. A real estate transfer to provide a security, leasehold, or  
17 other legal or equitable interest, including a transfer of title,  
18 for a portion of a lot or parcel, if:

19 (1) The transfer does not involve a change in land use, or new  
20 development or redevelopment, with associated land disturbing  
21 activities; and

22 (2) The transfer is the subject of a declaration of intent, Real Estate  
23 Transfer Exemption, as provided for in Section 5 of this Article;  
24 and

25 (3) The final plat includes:

26 (A) A note stating that the subdivision is for the sole purpose of

- (1) The proposed activity does not result in the cutting, clearing, or grading of more than 40,000 square feet of forest.
- (2) The new lot shall be less than two times the existing base zoning and therefore could not be further subdivided.
- (3) The residue shall be consistent with the definition of “residue” as [contained in the Charles County Subdivision Regulations] DEFINED UNDER ARTICLE II, 298-2 OF THIS ORDINANCE.
- (4) The residue will be subject to the Forest Conservation Ordinance when it is further developed or subdivided.

Q. THE CUTTING OR CLEARING OF TREES TO COMPLY WITH THE REQUIREMENTS OF 14 C.F.R. §77.25 RELATING TO OBJECTS AFFECTING NAVIGABLE AIRSPACE, PROVIDED THAT THE FEDERAL AVIATION ADMINISTRATION HAS DETERMINED THAT THE TREES ARE A HAZARD TO AVIATION AND ANY DISTURBANCE NOT LOCATED WITHIN THE NAVIGABLE AIRSPACE WILL BE SUBJECT TO THIS ORDINANCE, UNLESS OTHERWISE EXEMPT.

R. DEVELOPMENT ACTIVITIES THAT OCCUR ON A PARCEL OR LOT PREVIOUSLY DEVELOPED WITH STRUCTURES AND COVERED BY PAVED SURFACES.

- (1) SHOULD THE PARCEL OR LOT ~~ONLY~~ BE PARTIALLY COVERED IN PAVED SURFACE, THE PAVED AREA IS TO BE SUBTRACTED FROM THE NET TRACT AREA AND FOREST CONSERVATION SHALL BE PROVIDED FOR THE REMAINDER OF THE PARCEL OR LOT.
- (2) OTHER EXEMPTIONS, ~~SUCH AS SINGLE LOT~~, from this ordinance CAN NOT BE USED IN CONJUNCTION WITH THIS EXEMPTION.

1 298-5 Declaration of Intent.

- 2 A. The purpose of the declaration of intent is to verify that the proposed  
3 activity is exempt under Natural Resources Article, §§5-103 and 5-1601--5  
4 1612, Annotated Code of Maryland and this Ordinance.
- 5 B. A person seeking an exemption under Section -4, C, D, H, K, and O of this  
6 Article shall file the applicable declaration of intent with the Department.
- 7 C. The existence of a declaration of intent does not preclude another  
8 exempted activity on the property subject to a declaration of intent, if the  
9 activity:
- 10 (1) Does not conflict with the purpose of any existing declaration of  
11 intent, and
- 12 (2) Complies with the applicable requirements for an exempted  
13 activity;
- 14 D. If a regulated activity on the area covered by the declaration of intent  
15 occurs within 5 years of the effective date of the declaration of intent:
- 16 (1) There shall be an immediate loss of exemption; and
- 17 (2) There may be a noncompliance action taken by the Department as  
18 appropriate.
- 19 E. An applicant may apply for a regulated activity on that area of the property  
20 not covered under the declaration of intent if the requirements of this  
21 Ordinance are satisfied.
- 22 F. The Department may require a person failing to file a declaration of intent  
23 or found to be in noncompliance with a declaration of intent to:
- 24 (1) Meet the retention, afforestation and reforestation requirements  
25 established in Articles III--XIII of this Ordinance;
- 26 (2) Pay a noncompliance fee of 30 cents per square foot of forest cut or  
27 cleared under the declaration of intent;
- 28 (3) Be subject to other enforcement actions appropriate under Natural  
29 Resources Article §§5-1601--5-1612, Annotated Code of Maryland

1 and this Ordinance; or

2 (4) File a declaration of intent with the Department.

3 G. In its determination of appropriate enforcement action, the Department  
4 may consider whether failure to file a declaration of intent by a person  
5 required to file is a knowing violation of this Ordinance.

6 H. The declaration of intent is effective for 5 years.  
7

8 Article IV General Requirements

9 298-6 A. A person making application on or after the effective date of January 1,  
10 1993, for subdivision plan approval for an area of land of 40,000 square  
11 feet or greater shall:

12 (1) Submit to the Department a forest stand delineation and a forest  
13 conservation plan for the lot for parcel on which the development  
14 is located; and

15 (2) Use methods approved by the Department, as provided in the Maryland  
16 Forest Conservation Technical Manual, to protect retained forests  
17 and trees during construction or,

18 (3) On properties zoned CN, CC, CB, CV, BP, IG, [and] IH, AND  
19 PORTIONS OF THE PLANNED DEVELOPMENT AREAS  
20 WITH THESE ABOVE USES be entitled to phase or defer  
21 submittal of a [f]Forest [s]Stand [d]Delineation and [f]Forest  
22 [c]Conservation [p]Plan until first application is made for County  
23 project, a site plan, a grading permit or sediment control approval,  
24 whichever comes first, provided that:

25 (1) The subdivision plan proposes to create no more than one  
26 additional buildable lot; and

27 (2) Forest [c]Conservation [p]Plan requirements may be deferred for  
28 no more than one subdivision plan on the parent parcel; and

29 (3) A note be included on the final plat which states that all parcels

1 must satisfy requirements of the Forest Conservation  
2 Ordinance at the time application is made for a County  
3 project, site plan, grading permit or sediment control  
4 approval and that the parcels are not eligible for the Single  
5 Lot Exemption.

6 B. A person making application for any other regulated activity on or after the  
7 effective date of January 1, 1993, shall:

- 8 (1) Submit to the department a [f]Forest [s]Stand [d]Delineation and a  
9 [f]Forest [c]Conservation [p]Plan for the lot or parcel on which  
10 the development is located; and  
11 (2) Use methods approved by the Department, as provided in the  
12 Maryland Forest Conservation Technical Manual, to protect  
13 retained forests and trees during construction.

14 298-7 If a local agency or person using state funds makes an application to conduct a regulated  
15 activity, the provisions of COMAR 08.19.04.01D-G shall apply.

21 lots or less, site plan, or County project plan, but shall be submitted prior  
22 to submission of a grading permit or sediment control application.  
23 B. A [f]Forest [s]Stand [d]Delineation shall be submitted prior to or  
24 simultaneously with a [p]Preliminary [f]Forest [c]Conservation [p]Plan or  
25 FINAL [f]Forest [c]Conservation [p]Plan, as applicable.  
26 C. The delineation shall be prepared and signed by a licensed forester,  
27 licensed landscape architect, or a qualified professional who meets the  
28 requirements stated in COMAR 08.19.06.01B.

D. The [f]Forest [s]Stand [d]Delineation is to be used in the development review process for determining the most suitable and appropriate sites for forest conservation and shall contain the following information:

- (1) A topographic map delineating intermittent and perennial streams, slopes over 15 percent and steep slopes over 25 percent.
- (2) A soils map delineating soils with structural limitations, hydric soils, or soils with a soil K value greater than 0.35 on slopes of 15 percent or more;
- (3) Forest stand maps indicating species, location, and size of trees and showing dominant and codominant forest types in conformance with the standards for stand delineations as contained in the Maryland Forest Conservation Technical Manual;
- (4) Location of 100-year floodplains, existing conservation easements, Resource Protection Zone areas, tidal and non-tidal wetlands, critical habitat areas, and Natural Heritage Areas.
- (5) LOCATION OF EXISTING STRUCTURES AND THE HISTORIC SIGNIFICANCE OF THE STRUCTURES ON THE SUBJECT TRACT OR ADJACENT TRACTS.
- (6) Information required by the Maryland Forest Conservation Technical Manual.
- (7) Other information the Department determines is necessary to implement this Ordinance.

E. A simplified delineation may be submitted:

- (1) When less than 40,000 square feet of forest cover is disturbed during a construction activity; or
- (2) For areas under a preexisting long term protective agreement or an approved [f]Forest [c]Conservation [p]Plan; or
- (3) For forest stands designated as priority one forest retention areas and which are to remain undisturbed in their entirety; or

2 wherein development of the tract requires clearing and grading of  
3 95% or more of the tract; and

4 (5) When approved by the Department.

5 F. The Department shall consider a [s]Simplified [f]Forest [s]Stand  
6 [d]Delineation complete if it includes:

7 (1) All requirements under Section -8 D(1)(2) and (4)-[(5)] (7)) of this  
8 Article;

9 (2) A map showing existing forest cover and the location of specimen  
10 or champion trees as verified by field inspection;

11 (3) A descriptive narrative of the applicable forest stands which  
12 addresses the informational categories in a stand summary data  
13 sheet as contained in the Maryland Forest Conservation Technical  
14 Manual; and

15 [(4) Any other information required for the Department to consider the  
16 application complete.]

17 G. An approved [f]Forest [s]Stand [d]Delineation may remain in effect for a  
18 period not longer than 5 years.

19 H. Time for Submittal Review Period

20 (1) Within 30 calendar days after receipt of the [f]Forest [s]Stand  
21 [d]Delineation, the Department shall notify the applicant whether  
22 the [f]Forest [s]Stand [d]Delineation is complete and correct.

23 (2) If the Department fails to notify the applicant within 30 days, the  
24 delineation shall be treated as complete and correct.

25 (3) The Department may require further information or provide for an  
26 additional 15 calendar days under extenuating circumstances.

1 298-9 General Provisions.

2 A. In developing a forest conservation plan, the applicant shall give priority to  
3 techniques for retaining existing forest on the site.

4 B. If existing forest on the site subject to a forest conservation plan cannot be  
5 retained, the applicant shall demonstrate to the satisfaction of the  
6 Department:

7 (1) How techniques for forest retention have been exhausted;

8 (2) Why the priority forests and priority areas specified in Natural  
9 Resources Article, §5-1607©) cannot be left in an undisturbed  
10 condition;

11 (3) If priority forests and priority areas cannot be left undisturbed, the  
12 sequence for afforestation or reforestation will be followed in  
13 compliance with Natural Resources Article §5-1607, Annotated  
14 Code of Maryland; and

15 (4) Where on the site in priority areas afforestation or reforestation  
16 will occur in compliance with Natural Resources Article §5-1607,  
17 Annotated Code of Maryland.

18 C. The applicant shall demonstrate to the satisfaction of the Department that  
19 the requirements for afforestation or reforestation onsite or offsite cannot  
20 be reasonably accomplished if the applicant proposes to make a payment  
21 into the local forest conservation fund instead of afforestation or  
22 reforestation.

23 D. Nontidal Wetlands. A regulated activity within the net tract area that  
24 occurs wholly or partly in areas regulated as nontidal wetlands under  
25 Natural Resources Article, Sections 8-1201-1211, Annotated Code of  
26 Maryland and COMAR 08.05.04 is subject to both the non-tidal wetlands  
27 regulatory requirements and the requirements of this subtitle, subject to the  
28 following:

29 (1) Any area of forest in the net tract area, including forest in nontidal

1 wetlands that is retained shall be counted towards forest  
2 conservation requirements under this subtitle.

3 (2) For the purpose of calculating reforestation mitigation under this  
4 subtitle, a forested nontidal wetland permitted to be cut or cleared  
5 and required to be mitigated under COMAR 08.05.04 shall be  
6 shown on the forest conservation plan and subtracted on an acre for  
7 acre basis from the total amount of forest to be cut or cleared as  
8 part of a regulated activity.

9 (3) Nontidal wetlands shall be considered to be priority areas for  
10 retention and replacement.

11 298-10 Preliminary Forest Conservation Plan.

12 A. A [p]Preliminary [f]Forest [c]Conservation [p]Plan shall be prepared and  
13 signed by a licensed forester, a licensed landscape architect, or a qualified  
14 professional who meets the requirements stated in COMAR 08.19.06.01B.

15 B. Except for subdivisions of five lots or less, for minor development  
16 projects, and projects where a simplified delineation applies on a tract, a  
17 [p]Preliminary [f]Forest [c]Conservation [p]Plan shall:

18 (1) Be submitted with a preliminary plan of subdivision, County  
19 project plan, or site plan, and prior to the submission of a grading  
20 permit or sediment control application;

21 (2) Include the [f]Forest [s]Stand [d]Delineation for the site;

22 (3) Include a table that lists the proposed values of the following, in  
23 square feet:

24 (a) Net tract area;

25 (b) Area of forest on site within net tract area;

26 (c) Area of forest proposed to be cleared;

27 (d) Area of forest conservation required; and

28 (e) Area of forest conservation that the applicant proposed to  
29 provide, including both onsite and offsite areas;

- 1 (4) Include a clear graphic indication of the forest conservation  
2 provided on the site drawn to scale, showing: location of existing  
3 forest cover, limits of the net tract area, areas of proposed forest  
4 clearing, areas where retention of existing forest or afforestation or  
5 reforestation is proposed;
- 6 (5) Include an explanation of how the provisions of Section 9 of this  
7 Article have been met;
- 8 (6) Show the proposed limits of disturbance;
- 9 (7) PRELIMINARY SUBDIVISION PLANS USING OPEN SPACE  
10 FOR OFF-SITE FOREST CONSERVATION EASEMENTS  
11 MUST FIRST BE APPROVED BY THE PLANNING  
12 COMMISSION AS PART OF THE PRELIMINARY PLAN  
13 PROCESS.

14 C. The review of the preliminary forest conservation plan shall be concurrent  
15 with the review of a site plan, County project plan, or preliminary  
16 subdivision plan.

17 D. During the different stages of the review process, the [p]Preliminary  
18 [f]Forest [c]Conservation [p]Plan may be modified provided the  
19 Department approves of the changes.

20 298-11 The Final Forest Conservation Plan.

21 A. A [f]Final [f]Forest [c]Conservation [p]Plan shall be prepared and signed  
22 by a licensed forester, a licensed landscape architect, or a qualified  
23 professional who meets the requirements stated in COMAR 08.19.06.01B.

24 B. A [f]Final [f]Forest [c]Conservation [p]Plan shall:

- 25 (1) Include the submitted or approved FOREST [s]Stand  
26 [d]Delineation, as applicable, and the approved [p]Preliminary  
27 [f]Forest [c]Conservation [p]Plan, or the information required for a

protection and satisfactory establishment, including:

(a) Watering; and

(b) A reinforcement planting provision if survival rates fall below

required standards, as provided in the Maryland Forest Conservation Technical Manual;

(9) Incorporate a long-term binding protective agreement as specified in COMAR 08.19.05.02 that:

(a) Provides protection for areas of forest conservation, including areas of afforestation, reforestation, and retention;

(b) Limits uses in areas of forest conservation to those uses that are designated and consistent with forest conservation, including recreational activities and forest management practices that are used to preserve forest; and

(c) Incorporates conservation easements, deed restrictions, covenants, and other agreements as required; and

2 deadline for an additional 15 calendar days under extenuating  
3 circumstances.
- 4 (4) At the request of the applicant, the Department may extend the  
5 deadline under extenuating circumstances.
- 6 D. The Department's review of a [f]Final [f]Forest [c]Conservation [p]Plan  
7 shall be concurrent with the review of construction or improvement plan  
8 drawings a site plan, a grading permit application, a sediment control  
9 application associated with the project, or a final plat for a project  
10 associated with the project, whichever shall first occur.
- 11 E. The Department may revoke an approved [f]Forest [c]Conservation  
12 [p]Plan and assess a penalty if it finds that:
- 13 (1) A provision of the plan has been violated;  
14 (2) Approval of the plan was obtained through fraud,  
15 misrepresentation, a false or misleading statement, or omission of a  
16 relevant or material fact; or  
17 (3) Changes in the development or in the condition of the site  
18 necessitate preparation of a new or amended plan.
- 19 F. The Department may issue a stop work order against a person who  
20 violates a provision of this Ordinance or a regulation, order, approved  
21 [f]Forest [c]Conservation [p]Plan, or [m]Maintenance [a]Agreement.
- 22 G. Before revoking approval of a [f]Forest [c]Conservation [p]Plan, the  
23 Department shall notify the violator in writing and provide an opportunity  
24 for an informal administrative review hearing.

1 County project approval, a grading permit, or sediment control approval for an area of land of  
2 40,000 square feet or greater, except as provided for in Article III, Section 4:

3 A. Shall conduct afforestation on the lot or parcel in accordance with the  
4 following:

5 (1) A tract having less than 20 percent of the net tract area in forest  
6 cover shall be afforested up to at least 20 percent of the net tract  
7 area for the following land use categories:

8 (a) Agriculture and resource areas; and

9 (b) Medium density residential areas;

10 (2) A tract with less than 15 percent of its net tract area in forest cover  
11 shall be afforested up to at least 15 percent of the net tract area for  
12 the following land use categories:

13 (a) Institutional development areas;

14 (b) High density residential areas;

15 (c) Mixed use and planned unit development areas; and

16 (d) Commercial and industrial areas.

17 B. Shall comply with the following when cutting or clearing forest cover that  
18 is currently below the afforestation percentages described in Section 7.1  
19 -12(A)(1) and (2) of this Article:

20 (1) The required afforestation level shall be determined by the amount  
21 of forest existing before cutting or clearing begins; and

22 (2) Forest cut or cleared below the required afforestation level shall be  
23 reforested or afforested at a 2 to 1 ratio and added to the amount of  
24 afforestation necessary to reach the minimum required  
25 afforestation level, as determined by the amount of forest existing  
26 before cutting or clearing began.

27 298-13 Retention.

28 The following trees, shrubs, plants, and specific areas shall be considered priority for  
29 retention and protection and shall be left in an undisturbed condition unless the applicant has

1 demonstrated, to the satisfaction of the Department, that all reasonable efforts have been made to  
2 protect them and the plan cannot be reasonably altered:

3 A. Trees, shrubs, and plants located in sensitive areas including the Resource  
4 Protection Zone, 100-year floodplain, intermittent and perennial streams  
5 and their forest management buffers, steep slopes exceeding 25% and  
6 steep slopes exceeding 15% with soils having a K value greater than 0.35,  
7 nontidal wetlands and critical habitat areas;

8 B. Contiguous forest that connects the largest undeveloped or most vegetated  
9 tracts of land within and adjacent to the site;

10 C. Trees, shrubs, or plants determined to be rare, threatened, or endangered  
11 under the Federal Endangered Species Act of 1973, 16 U.S.C., §§  
12 1531--1543, published in 50 CFR §§17.11 and 17.12, and the Maryland  
13 list of threatened and endangered species published under the Natural  
14 Resources Article, §§4-2A-01--4-2A-09 and 10-2A-01--10-2A-09,  
15 Annotated Code of Maryland, published in COMAR 08.03.08 and  
16 08.02.12;

17 D. Trees that:

18 (1) Are part of a historic site;

19 (2) Are associated with a historic structure; or

20 (3) Have been designated by the State or the Department as a  
21 national, State, or county champion tree; and

22 E. Any tree having a diameter measured at 4.5 feet above the ground of:

23 (1) 30 inches or more; or

24 (2) 75 percent or more of the diameter, measured at 4.5 feet above the  
25 ground, of the current State champion tree of that species as  
26 designated by the Maryland Department of Natural Resources.

1 A. There is a forest conservation threshold established for all land use  
2 categories, as provided in Subsection B of this Article. The forest  
3 conservation threshold means the percentage of the net tract area at which  
4 the reforestation requirement changes from a ratio of 1/4 acre planted for  
5 every acre removed above the threshold to a ratio of 2 acres planted for  
6 every acre removed below the threshold.

7 B. After every reasonable effort to minimize the cutting or clearing of trees  
8 and other woody plants has been exhausted in the development of a  
9 subdivision or site plan, grading and sediment control activities and  
10 development of the forest conservation plan, the forest conservation plan  
11 shall provide for reforestation, or payment into the forest conservation  
12 fund, according to the formula set forth in Sections B and C of this Article  
13 and consistent with Section -9 of this Article and the following forest  
14 conservation thresholds for the applicable land use category:

15 Category of Use Threshold Percentage

16 (1) Agricultural and resource areas	50 percent
17 (2) Medium density residential areas	25 percent
18 (3) Institutional development areas	20 percent
19 (4) High density residential areas	20 percent
20 (5) Mixed use and planned unit 21 development areas	15 percent
22 (6) Commercial and industrial use areas	15 percent

23 C. Calculations.  
24 (1) For all existing forest cover measured to the nearest 1/10th acre cleared  
25 on the net tract area above the applicable forest conservation threshold,  
26 the area of forest removed shall be reforested at a ratio of 1/4 acre  
27 planted for every acre removed.  
28 (2) Each acre of forest retained on the net tract area above the applicable  
29 forest conservation threshold shall be credited against the total number

1 of acres required to be reforested under paragraph (1) of this subsection.  
2 The calculation of the credit shall be according to the criteria provided in  
3 the Maryland Forest Conservation Technical Manual.

4 (3) For all existing forest cover measured to the nearest 1/10th acre cleared  
5 on the net tract area below the applicable forest conservation threshold,  
6 the area of forest removed shall be reforested at a ratio of 2 acres planted  
7 for every 1 acre removed below the threshold.

8 (4) Forest retained on site but not subject to long term protective agreements shall  
9 be considered as forest removed for the purpose of determining  
10 reforestation or afforestation requirements.

16 A. After techniques for retaining existing forest on the site have been  
17 exhausted, the alternative methods for afforestation [and], reforestation  
18 AND OFFSITE RETENTION, as determined by the Department, in order  
19 of most to least preferred, is as follows:

20 (1) Onsite afforestation or reforestation, if economically feasible, using  
21 transplanted nursery stock that is greater than 1.5 inches diameter  
22 measured at 4.5 feet above the ground;

23 (2) Onsite afforestation or reforestation, using whip and seedling  
24 stock;

25 (3) Onsite landscaping of areas under an approved landscaping plan  
26 which establishes a forest that is at least 35 feet wide and covers  
27 [2,500]10,000 square feet or more of area;

28 (4) For projects located within the Development District, acquisition

B. A sequence other than the one described in Section A of this Article may be used for a specific project, if necessary, to achieve the objectives of the county land use plan or county land use policies, or to take advantage of opportunities to consolidate forest conservation efforts.

C. The following shall be considered a priority for afforestation and reforestation:

- (1) Establish or enhance forest buffers adjacent to intermittent and perennial streams to widths of at least 50 feet;
- (2) Establish or enhance nonforested areas on 100-year floodplains, when appropriate;
- (3) Establish or increase existing forested corridors to connect existing forests within or adjacent to the site and where practical, forested corridors should be a minimum of 300 feet in width to facilitate wildlife movement;
- (4) Establish or enhance forest buffers adjacent to critical habitats where appropriate;
- (5) Establish plantings to stabilize slopes of 25 percent or greater and slopes of 15 percent or greater with a soil K value greater than 0.35, including the slopes of ravines or other natural depressions;
- (6) Establish or enhance forest plantings on marginal agricultural areas, where appropriate.
- (7) Establish buffers adjacent to areas of differing land use when appropriate, or adjacent to highways or utility rights-of-way;
- (8) Establish forest areas adjacent to existing forests to increase the overall area of contiguous forest cover, when appropriate.

Article XI Payment Instead of Afforestation and Reforestation  
298-1[7]8 Forest Conservation Fund.

- A. Charles County shall establish a forest conservation fund.
- B. If a person subject to this Ordinance demonstrates to the satisfaction of the Department that requirements for reforestation or afforestation onsite or offsite cannot be reasonably accomplished, the person shall contribute money, at a rate of [10 cents] 25 cents per square foot of the area of required planting, into the county forest conservation fund.
- C. Money contributed instead of afforestation or reforestation under this Article shall be paid prior to approval of a [f]Forest [c]Conservation [p]Plan.
- D. The county shall accomplish the reforestation or afforestation for which the money is deposited within [3] 10 years after receipt of the money.
- E. Money contributed under this Article may remain in the account for a period of up to [3] 10 years. At the end of that time, any part that has not been used to meet the afforestation or reforestation requirements shall be returned to the person who provided the money.
- F. Money deposited in the local forest conservation fund:
  - (1) May be spent on the costs directly related to reforestation and afforestation, including site identification, acquisition, and preparation;
  - (2) Shall be deposited in a separate forest conservation fund; and
  - (3) May not revert to the general fund.
- G. Sites for Afforestation or Reforestation Using Fund Money.
  - (1) Except as provided in Subsection G(2) of this section, the reforestation or afforestation requirement under this Article shall occur in the county and watershed in which the project is located.

11 Article XIII Financial Security for Afforestation and Reforestation.

12 298-[19]20 Bonding.

13 A. A person required to conduct afforestation or reforestation under this  
14 Article shall furnish financial security in the form of a bond, an irrevocable  
15 letter of credit, or other security approved by the Department. The surety  
16 shall:

17 (1) Assure that the afforestation, reforestation, and the associated  
18 maintenance agreement are conducted and maintained in  
19 accordance with the approved forest conservation plan;

20 (2) Be in an amount equal to the estimated cost, as determined by the  
21 Department, of afforestation and reforestation; and

22 (3) Be in a form and of a content approved by the Department.

23 B. If, after two growing seasons, the plantings associated with the  
24 afforestation or reforestation meet or exceed the standards of the Maryland  
25 Forest Conservation Technical Manual, the amount of the cash bond, letter  
26 of credit, surety bond, or other security shall be returned or released.

27 C. The County [f]Forest [c]Conservation [p]Program may incorporate the  
28 financial security set forth in Section (-19 A-D) or in COMAR

hardship;

- (2) Describe how enforcement of these rules will deprive the applicant of rights commonly enjoyed by others in similar areas;
- (3) Verify that the granting of the variance will not confer on the applicant a special privilege that would be denied to other applicants;
- (4) Verify that the variance request is not based on conditions or circumstances which are the result of actions by the applicant;
- (5) Verify that the request does not arise from a condition relating to land or building use, either permitted or nonconforming, on a neighboring property; and
- (6) Verify that the granting of a variance will not adversely affect water quality.

D. The [Deputy County Administrator for] DIRECTOR OF Planning and Growth Management or designee shall make written findings that the applicant has met the requirements in Section C of this Article before the granting of a variance.

E. Notice of a request for a variance shall be given by the applicant to the Maryland Department of Natural Resources within 15 days of the County's receipt of a request for a variance.

F. There is established by this Ordinance the right and authority of the Maryland Department of Natural Resources to initiate or intervene in an administrative, judicial or other original proceeding or appeal in the State concerning an approval of a variance under Natural Resources Article, §§5-1601---5-1612, Annotated Code of Maryland or this Ordinance.
