Welcome to your plan for healthy living

From preventive services to maintain your health, to our extensive network of providers and resources, CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. (collectively, CareFirst) are there when you need care. We will work together to help you get well, stay well and achieve any wellness goals you have in mind.

We know that health insurance is one of the most important decisions you make for you and your family—and we thank you for choosing CareFirst. This guide will help you understand your plan benefits and all the services available to you as a CareFirst member.

Please keep and refer to this guide while you are enrolled in this plan.

How your plan works

Find out how your health plan works and how you can access the highest level of coverage.

What's covered

See how your benefits are paid, including any deductibles, copayments or coinsurance amounts that may apply to your plan.

Getting the most out of your plan

Take advantage of the added features you have as a CareFirst member:

- Wellness discount program offering discounts on fitness gear, gym memberships, healthy eating options and more.
- Online access to quickly find a doctor or search for benefits and claims.
- Health information on our website includes health calculators, tracking tools and podcast videos on specific health topics.
- *Vitality* magazine with healthy recipes, preventive health care tips and a variety of articles.

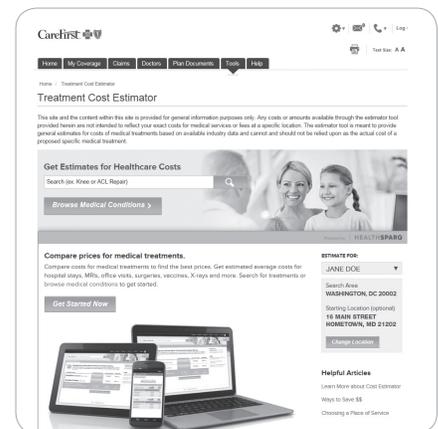

Managing your health care budget just got easier

With CareFirst's Treatment Cost Estimator, you can:

- Quickly estimate your total costs
- Avoid surprises and save money
- Plan ahead to control expenses
- Make the best care decisions for you

BlueChoice HMO Open Access

An HMO plan with no referrals required

With a BlueChoice HMO *Open Access* plan, your primary care provider (PCP) provides preventive care and works with you to find specialty care using a large network of CareFirst BlueChoice specialists. However, unique to this plan is its Open Access feature which allows you to visit specialists directly without needing a referral from your PCP.

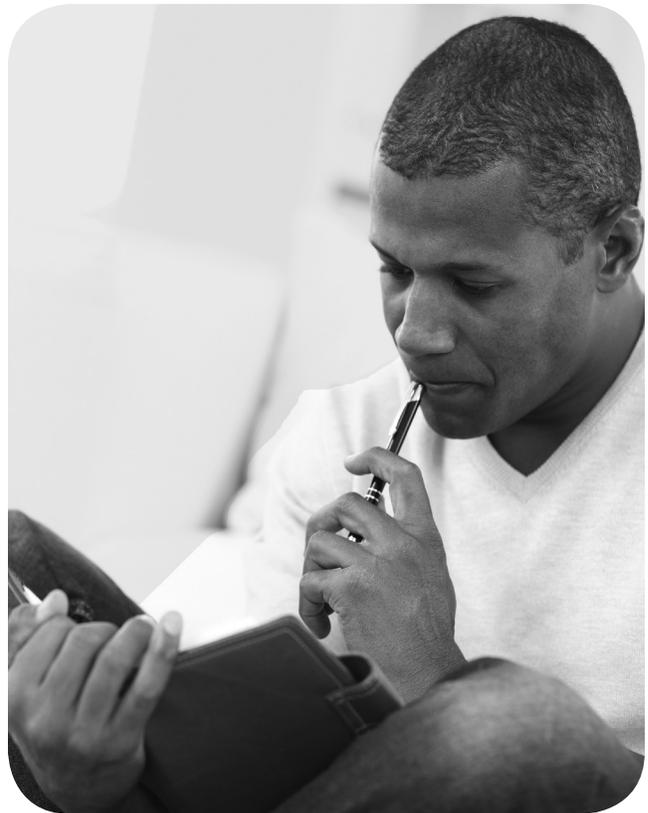

Take advantage of your benefits

- Choose from more than 35,000 providers, specialists and hospitals in Maryland, Washington, D.C. and Northern Virginia
- HMO plans encourage you to establish a relationship with your PCP for consistent, quality care
- No PCP referral required to see a specialist
- Receive comprehensive coverage for preventive health care visits at no cost
- Avoid the unwelcome surprise of high medical costs with predictable copays and deductibles (if applicable)
- Access the Away From Home Care® program to enjoy plan benefits if you're out of the area for at least 90 days

How your plan works

Establishing a relationship with one provider is the best way for you to receive consistent, quality health care. When you enroll in a BlueChoice HMO *Open Access* plan, you will select a PCP to manage your primary medical care. Make sure you select a PCP for not only yourself but each of your family members as well. Your PCP must participate in the CareFirst BlueChoice provider network and must specialize in either family practice, general practice, pediatrics or internal medicine.

With this plan, you have direct access to CareFirst BlueChoice specialists without needing to obtain a referral from your PCP. However, to ensure you take advantage of lower out-of-pocket costs, we encourage you to first call your PCP when you need care.

Establish a relationship with your doctor for consistent, quality care.

BlueChoice HMO *Open Access*

An HMO plan with no referrals required

Your PCP can:

- Provide basic medical care
- Prescribe any medications you need
- Maintain your medical history
- Work with you to determine when you should see a specialist
- Assist you in the selection of a specialist, if needed

Make sure you only receive care from a CareFirst BlueChoice provider or you will not be covered, with the exception of emergency services and follow-up care after emergency surgery.

Laboratory services

To receive the maximum laboratory benefit from your BlueChoice HMO *Open Access* plan, you must use a LabCorp® facility for any laboratory services. Services performed at a facility that is not part of the LabCorp network may not be covered under your plan. Also, any lab work performed in an outpatient hospital setting will require a prior authorization from your PCP.

LabCorp has approximately 100 locations throughout Maryland, Washington, D.C. and Northern Virginia. To locate the LabCorp patient service center near you, call (888) LAB-CORP or visit www.labcorp.com.

Out-of-area coverage

Out-of-area coverage is limited to emergency or urgent care only. However, members and their covered dependents planning to be out of the CareFirst BlueChoice, Inc. service area for at least 90 consecutive days may be able to take advantage of a special program, Away From Home Care.

This program allows temporary benefits through another Blue Cross and Blue Shield affiliated HMO. It provides coverage for routine services and is perfect for extended out-of-town business or travel, semesters at school or families living apart. For more information on Away From Home Care, please call Member Services at the phone number listed on your identification card.

Away From Home Care®

Your HMO Coverage Goes With You

We've got you covered when you're away from home for 90 consecutive days or more. Whether you're out-of-town on extended business, traveling, or going to school out-of-state, you have access to routine and urgent care with our Away From Home Care program.

Coverage while you're away

You're covered when you see a provider of an affiliated Blue Cross Blue Shield HMO (Host HMO) outside of the CareFirst BlueChoice, Inc. service area (Maryland, Washington, DC and Northern Virginia). If you receive care, then you're considered a member of that Host HMO receiving the benefits under that plan. So your copays may be different than when you're in the CareFirst BlueChoice service area. You'll be responsible for any copays under that plan.

Enrolling in Away From Home Care

To make sure you and your covered dependents have ongoing access to care:

- Call the Member Service phone number on your ID card and ask for the Away From Home Care Coordinator.
- The coordinator will let you know the name of the Host HMO in the area. **If there are no participating affiliated HMOs in the area, the program will not be available to you.**
- The coordinator will help you choose a primary care physician (PCP) and complete the application. Once completed, the coordinator will send you the application to sign and date.
- Once the application is returned, we will send it to your Host HMO.
- The Host HMO will send you a new, temporary ID card which will identify your PCP and information on how to access your benefits while using Away From Home Care.

Always remember to carry your ID card to access Away From Home Care.

- Simply call your Host HMO primary care physician for an appointment when you need care.

No paperwork or upfront costs

Once you are enrolled in the program and receive care, you don't have to complete claim forms, so there is no paperwork. And you're only responsible for out-of-pocket expenses such as copays, deductibles, coinsurance and the cost of non-covered services.

BlueChoice Advantage

Offers you the freedom to choose

BlueChoice Advantage offers flexibility in care options to help control your out-of-pocket costs. There's no need to obtain a referral to see a specialist and you have the freedom to visit any provider, which helps determine your out-of-pocket costs.

Take advantage of your benefits

- Choose from CareFirst BlueChoice providers or CareFirst PPO providers, specialists and hospitals in Maryland, Washington, D.C. and Northern Virginia
- Access to more than 1 million professional providers nationally through the BlueCard® PPO network when receiving care outside the CareFirst BlueCross BlueShield (CareFirst) service area
- No PCP referral required to see a specialist
- Pay predictable copays when you receive care from an in-network provider
- Preventive services, including well child visits, annual adult physicals and routine cancer screenings at no cost

How your plan works

The BlueChoice Advantage plan offers you the flexibility and freedom to choose from both in and out-of-network providers. While you are not required to select a PCP, benefits include:

- Coordinating care with all of your providers to help you get access to, and receive, the most appropriate care in the most affordable settings
- Addressing the impact that care you receive for one health issue could have on another
- Reviewing all of your medications and possible drug interactions
- Using health records to identify duplicate tests or services already ordered or performed by another provider

Receiving care inside the CareFirst service area

When care is rendered in Maryland, Washington, D.C. or Northern Virginia, use the CareFirst BlueChoice network or CareFirst PPO network to receive the highest level of coverage and pay lower out-of-pocket costs.

Receiving care outside the CareFirst service area

Members seeking care outside the CareFirst service area will lower costs by using a national BlueCard PPO provider. Members will still have the option to opt-out of this network but will pay a higher out-of-pocket expense.

If you receive services from a provider outside of the BlueCard network, you will have to:

- Pay the provider's actual charge at the time you receive care
- File a claim for reimbursement
- Satisfy a deductible and coinsurance/copays

The choice is entirely yours. That's the advantage of this plan.

Hospital authorization/Utilization management

If you are receiving care in Maryland, Washington, D.C. or Northern Virginia, your CareFirst BlueChoice, CareFirst PPO providers, or out-of-network participating provider in the service area will obtain any necessary admission authorizations for in-area covered services.

If you are receiving care outside of Maryland, Washington, D.C. or Northern Virginia, you'll be responsible for obtaining authorization for services. Call toll-free at (866) PREAUTH (773-2884) for authorization.

Prior authorization is not required for emergency admissions or for maternity admissions.

Wherever You Go, Your Health Care Coverage Goes with You

With your Blue Cross and Blue Shield member ID card, you have access to doctors and hospitals almost anywhere. BlueCard gives you the peace of mind that you'll always have the care you need when you're away from home.

As always, go directly to the nearest hospital in an emergency.

Your membership gives you a world of choices. More than 85% of all doctors and hospitals throughout the U.S. contract with Blue Cross and Blue Shield plans. Whether you need care here in the United States or abroad, you'll have access to health care in more than 190 countries.

When you're outside of the CareFirst BlueCross BlueShield and CareFirst BlueChoice, Inc. service area (Maryland, Washington, D.C., and Northern Virginia), you'll have access to the local Blue Cross Blue Shield Plan and their negotiated rates with doctors and hospitals in that area. You shouldn't have to pay any amount above these negotiated rates. Also, you shouldn't have to complete a claim form or pay up front for your health care services, except for those out-of-pocket expenses (like non-covered services, deductibles, copayments, and coinsurance) that you'd pay anyway.

Within the U.S.

1. Always carry your current member ID card for easy reference and access to service.
2. To find names and addresses of nearby doctors and hospitals, visit the National Doctor and Hospital Finder at www.bcbs.com, or call BlueCard Access at (800) 810-BLUE.
3. Call Member Services for pre-certification or prior authorization, if necessary. Refer to the phone number on your ID card because it's different from the BlueCard Access number listed in Step 2.
4. When you arrive at the participating doctor's office or hospital, simply present your ID card.
5. After you receive care, you shouldn't have to complete any claim forms or have to pay up front for medical services other than the usual out-of-pocket expenses. CareFirst will send you a complete explanation of benefits.

Around the world

Like your passport, you should always carry your ID card when you travel or live outside the U.S. The BlueCard Worldwide program provides medical assistance services and access to doctors, hospitals and other health care professionals around the world. Follow the same process as if you were in the U.S. with the following exceptions:

- At BlueCard Worldwide hospitals, you shouldn't have to pay up front for inpatient care, in most cases. You're responsible for the usual out-of-pocket expenses. And, the hospital should submit your claim.
- At non-BlueCard Worldwide hospitals, you pay the doctor or hospital for inpatient care, outpatient hospital care, and other medical services. Then, complete an international claim form and send it to the BlueCard Worldwide Service Center. The claim form is available online at www.bcbs.com.
- To find a BlueCard provider outside of the U.S. visit www.bcbs.com, select *Find a Doctor or Hospital*.

Members of Maryland Small Group Reform (MSGR) groups have access to emergency coverage only outside of the U.S.

Medical assistance when outside the U.S.

Call (800) 810-BLUE toll-free or (804) 673-1177, 24 hours a day, 7 days a week for information on doctors, hospitals, other health care professionals or to receive medical assistance services. A medical assistance coordinator, in conjunction with a medical professional, will make an appointment with a doctor or arrange hospitalization if necessary.

Visit www.bcbs.com to find providers within the U.S. and around the world.

Patient-Centered Medical Home

Focusing on You and Your Health

Whether you're trying to get healthy or stay healthy, you need the best care available. That's why the CareFirst BlueCross BlueShield¹ family of health plans has created a program to improve health care quality and help slow rising health care costs over time.

Our Patient-Centered Medical Home (PCMH) program focuses on the relationship between you and your primary care provider (PCP)—whether a physician or nurse practitioner (NP). It's designed to provide your PCP² with a more complete view of your health needs, as well as the care you're receiving from other providers. As the leader of your health care team, your PCP will be able to use this information to better manage and coordinate your care, a key to better health.

Treating your overall health

Whether you see your PCP for preventive care, or you need more care, your PCP is expected to:

- Coordinate your care with all your health care providers, including specialists, labs, pharmacies, and mental health facilities to help you get access to, and receive, the most appropriate care available in the most affordable settings.
- Identify and address any impact the care you receive for one health issue may have on another.
- Review all of your medications and possible drug interactions with you.
- Review your health records for duplicate tests or services already ordered or performed by another provider.

Why a PCP is important to your health

By visiting your PCP for routine visits as recommended, you can build a relationship, and your PCP will get to know you and your medical history.

A PCP is concerned with your overall health. If you have an urgent health issue, having a PCP who knows your health history often makes it easier and faster to get the care you need. Your PCP can sometimes provide advice over the phone or fit you in for a visit. That helps you avoid long lines and expensive charges at the emergency room.

When you visit your PCP for screenings and preventive services, he or she can detect health concerns in the early stages, when they are easier and less costly to treat.

¹ All references to CareFirst refer to CareFirst BlueCross BlueShield and CareFirst, BlueChoice, Inc., collectively.

² The doctors and other medical providers, who provide your care, are independent providers making their own medical determinations and are not employed by either CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc.

If you have a chronic condition, or are at risk for one, your PCP may:

- Create a Care Plan based on your health needs with specific follow-up activities to help you manage your health.
- Provide access to a care coordinator, who is a registered nurse (RN), so you have the support you need, answers to your questions and information about your care.

Extra care for certain health issues

When you participate in PCMH, your PCP will take specific steps to coordinate and manage your care. If you have certain health issues, your PCP will create an online record of your health needs with specific follow-up activities.

Your care coordinator is expected to:

- Assist your PCP by coordinating your care and answering your questions.
- Follow up with you to make sure you're not having problems following your treatment plan. For example, if you have diabetes, the care coordinator can help you take steps to better understand and control your diabetes.
- Assist you in obtaining services and equipment necessary to manage your health condition.

It's your choice

PCMH is a voluntary program. When you participate:

- You pay no additional premium.
- There is no change in your benefits.
- There is no change to your health plan requirements.
- You can opt-out at any time without penalty and without changing your PCP and/or NP.

Please note that if you have a high deductible health plan, certain charges may apply until you meet your deductible.

How do I get started?

Simply sign the Election to Participate form and return it to your PCP.

You can get the form from your PCP, or you can download it from the Forms section at www.carefirst.com/memberpcmh. By signing the election form, you agree to give your PCP access to your health information on file with CareFirst. This includes data from claims and notes from any CareFirst programs in which you have participated.

Coordinating your care

Whether you're trying to get healthy or stay healthy, you need the best care. CareFirst has programs to help you take an active role in your health, addressing any health care issues and enjoy a healthier future.

Patient-Centered Medical Home (PCMH)

PCMH was designed to provide your primary care provider with a more complete view of your health needs, as well as the care you receive from other providers. When you participate in this program, you are the focus of an entire health care team whose goal is to better manage and coordinate your care and improve your health.

If you have a chronic condition, or are at risk for one, your PCP may:

- Create a care plan based on your health needs with specific follow-up activities to help you manage your health
- Provide access to a care coordinator, who is a registered nurse, so you have the support you need, answers to your questions and information about your care

Find a participating PCMH provider in our provider directory at www.carefirst.com/findadoc.

Case Management

If you have a serious illness or injury, our Case Management program can help you navigate through the health care system and provide support along the way. Our Case Managers are registered nurses who will:

- Work closely with you and your doctors to develop a personalized treatment plan.
- Coordinate necessary services.
- Answer any of your questions.

Our Case Management program is voluntary and confidential. For more information, or to enroll, call (888) 264-8648.

FirstHelp™

24-Hour Health Care Advice Line

Anytime, day or night, you can speak with a FirstHelp nurse. Registered nurses are available to answer your health care questions and help guide you to the most appropriate care.

How FirstHelp™ works

Simply call (800) 535-9700 and a registered nurse will:

- Ask about your symptoms.
- Help you decide on the best source of care.

When to call FirstHelp™

First, you should call your doctor when you have a health concern. If you can't reach your doctor and have questions about your health, an illness or an urgent medical condition, a registered FirstHelp™ nurse is available to answer your questions and assist you in determining your options.

If you have an emergency and can't safely wait to speak with your doctor, call 911 or go to the nearest emergency room.

FirstHelp nurses won't be able to answer questions about the following:

- Your benefits and what is covered by your health care plan.
- Information on your claims.
- Pre-authorizations.

If you have questions about your benefits or claims, please call the Member Services number listed on the back of your ID card. If you need authorization for a service, please call the appropriate number listed on the back of your ID card.

Rx Drug Program—3 Tiers

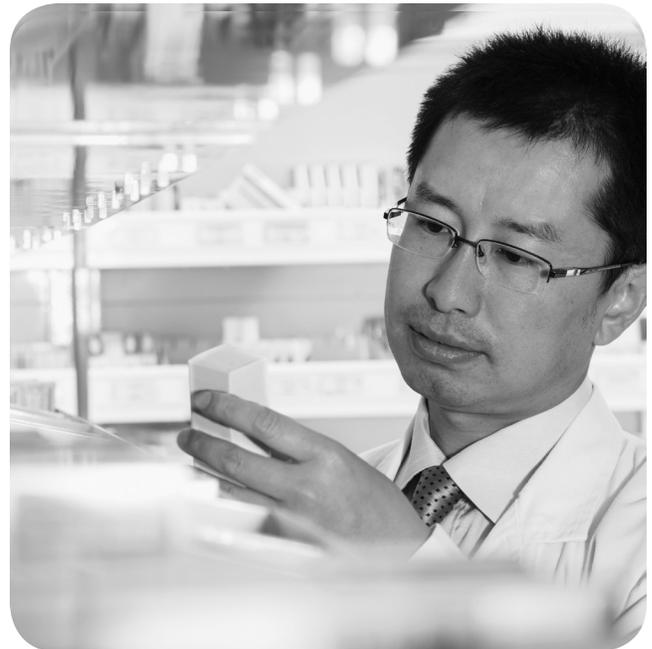

A Total Prescription for Health

In order to receive the best possible health care, your employer is offering both medical and pharmacy benefits. By working with your doctor and pharmacist, you can focus on your overall health and make the right decisions when it comes to your prescriptions.

Your Rx benefits

Safe and cost-effective with a large network of pharmacies to choose from—that's your prescription plan. As a CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (collectively, CareFirst) member, you have access to:

- A network with more than 60,000 participating pharmacies located nationwide.
- Mail Service Pharmacy, our convenient, fast and accurate mail order drug program.
- Rx Specialty Support, a program designed for members who take specialty medications.
- Rx Authorize to monitor your prescription drug use.
- Educational tools and resources to help you save money, understand your plan and manage your prescriptions, at www.carefirst.com/rx.

Making a difference in your health

By having both your medical and prescription benefits with CareFirst, our team of health care professionals can look at total patient care to better manage your health care costs and the quality of service you receive.

Having access to pharmacy and medical claims information allows CareFirst to develop cost-effective programs in order to improve the consistency of your care. We can more accurately identify those members who could benefit from our care management programs based on early detection. It's all in an effort to provide you with the best possible care to help you maintain your overall health.

Saving money with your 3 Tier plan

The prescription drugs in your plan will fall into 1 of 3 Tiers. Tiers 1 and 2 are part of CareFirst's Preferred Drug List and have been selected for their effectiveness and price. Even though Tier 3 drugs are not part of the Preferred Drug List, they're still covered by your benefits, but at the highest copay. And remember, if the cost of your medication is less than your copay, you only pay the cost of the medication.

Once you meet your deductible (if applicable to your plan), you may pay a different copay amount for drugs depending on if you use Generic, Preferred Brand or Non-preferred Brand drugs. Should you have questions about your benefits, please call CareFirst Pharmacy Services at (800) 241-3371.

Tier 1* You Pay: Lowest Copay (\$)	Generic Drugs	All Generic drugs on the Preferred Drug List will be in Tier 1.
Tier 2* You Pay: Higher Copay (\$\$)	Preferred Brand Drugs	If a Generic version of a Tier 2 drug is released then: <ul style="list-style-type: none"> ■ The Generic drug is added to Tier 1. ■ The Brand drug moves to Tier 3 and becomes a Non-preferred Brand drug.
Tier 3** You Pay: Highest Copay (\$\$\$)	Non-preferred Brand Drugs	Some plans require members who choose a Tier 3 drug over the Generic version to: <ul style="list-style-type: none"> ■ Pay the highest copay, and ■ Pay the cost difference between the Brand drug and its Generic.

* Part of CareFirst's Preferred Drug List.

** Self-Injectable drugs are covered under Tier 2 or Tier 3 in three-tier designs.

Filling your prescriptions

Your Rx drug benefits can be used for both maintenance and non-maintenance prescriptions. As a CareFirst member, you can receive up to a 34-day supply of medication from a retail pharmacy or Mail Service Pharmacy. You may also request a 90-day supply of your maintenance medication and pay 2x the appropriate copay amount, depending on the tier level of your medication, through your retail pharmacy or Mail Service Pharmacy.

Retail pharmacies

Simply present your prescription and member ID card at a participating pharmacy and pay a copay for your medication. And with access to over 60,000 pharmacies nationwide, you can use the *Pharmacy Finder* tool located in the *Drug Tools* on www.carefirst.com/rx to choose a location that's convenient for you.

Mail Service Pharmacy

Mail Service Pharmacy gives you an easy way to order medications by phone, mail or online. Your prescriptions will be reviewed and filled by registered pharmacists and mailed directly to your home. Convenient, fast and accurate, Mail Service Pharmacy also allows you to:

- Consult with pharmacists over the phone, 24 hours a day.
- Check account balances and make payments using automated phone systems.
- Receive e-mail notifications about your order status.

Talk to your doctor to make sure you are using drugs on CareFirst's Preferred Drug List. Remember, you'll save the most money when using Tier 1 or Tier 2 drugs.

Maximizing your benefits

Take advantage of the free programs and resources available with your CareFirst Rx drug plan.

Comprehensive Medication Review

As part of the Medication Therapy Management program, members are eligible to participate in a free annual Comprehensive Medication Review. During the Comprehensive Medication Review participating pharmacies provide individualized, in-person consultations, medication monitoring and education; interfacing with both the member and the physician to ensure the appropriate use of medications and to reduce drug costs. To find a participating Pharmacy, click on *Medication Therapy Management* located in the *Manage Your Medications* section on www.carefirst.com/rx.

Generic drug education

Made with the same active ingredients as their brand-name counterparts, Generics are also equivalent in dosage, safety, strength, quality, performance and intended use.

To begin saving money, ask your doctor or pharmacist if any of the drugs you're currently taking can be filled with a Generic alternative. You can also visit www.carefirst.com/rx to learn more about Generic drugs and use our Preferred Drug List to see if a Generic is available to treat your condition.

Rx Specialty support

When you need specialty medications we will provide you with personalized care to successfully manage your condition, including one-on-one therapy support, 24/7 patient assistance, refill reminders and more.

You may receive coverage for a variety of drugs used to treat the following health conditions:

- Cancer
- Crohn's Disease
- Growth Hormones Deficiencies¹
- Hepatitis C
- Multiple Sclerosis
- Infertility Treatment Management¹
- Rheumatoid Arthritis
- Ulcerative Colitis

¹ Please review your policy for details on what coverage is available under your plan.

Online tools and resources

To get the most from your Rx drug plan, you need to stay informed. At www.carefirst.com/rx you will find the tools and resources you need to understand your benefits, including drug recalls, cost saving opportunities and more.

Visit www.carefirst.com/rx for more information and to access the most up-to-date Preferred Drug List.

Maintenance Choice®

Fill Your Maintenance Drug Prescriptions with Voluntary Maintenance Choice

Maintenance Choice offers you options and savings when it comes to filling your maintenance medications. Maintenance medications are drugs taken regularly for an ongoing condition such as high blood pressure, diabetes, etc. With Maintenance Choice, you can get up to a three-month supply of your maintenance drugs for the cost of a two-month supply. There are two ways to save when filling your maintenance drug prescriptions.

CVS Mail Service Pharmacy

- Enjoy convenient home delivery service
- Refill your prescriptions online, by phone or email
- Check account balances and make payments through an automated phone system
- Sign up to receive email notifications of order status
- Access a consulting pharmacist by phone 24 hours a day

CVS Retail Pharmacy

- Access the entire network of CVS pharmacies
- Pick up your medications at a time convenient to you
- Enjoy same-day prescription availability
- Talk with a pharmacist face-to-face

You can continue to fill a one-month prescription at any retail pharmacy; however, you will continue to pay the applicable copay for each fill. Therefore, a three-month supply of maintenance drugs will cost you three copays rather than two, in addition to three trips to the pharmacy. For more information, call us toll-free at 800-241-3371.

CareFirst Specialty Pharmacy Coordination Program

Personalized care for managing your chronic medical condition

Do you have a chronic condition that requires specialty medications? Our CareFirst Specialty Pharmacy Coordination Program can help you achieve better results from your medication therapy through personalized care, support and services designed to help manage your condition.

Through this program CareFirst addresses the unique clinical needs of members who take high-cost specialty drugs for certain conditions like multiple sclerosis, hepatitis C and hemophilia. We recognize that members taking specialty drugs require high-touch, high-quality care coordination and support to assure the best possible outcomes. With this program you have access to the following services:

- Comprehensive assessment of the patient at program initiation
- Coordination between the specialty care coordination team and the patient's primary care provider (PCP)
- Drug interaction review
- Drug and condition-specific education and counseling on medication adherence, side effects and safety
- Refill reminders and inventory coordination to reduce drug waste
- On call pharmacists 24 hours a day, seven days a week for assistance
- Specialty drug care coordination with a registered nurse specializing in select disease states (multiple sclerosis, hemophilia, hepatitis C and select intravenous immunoglobulin conditions)

In order to maximize the effectiveness of the Specialty Pharmacy Coordination Program, your specialty medications must be filled through an exclusive specialty pharmacy in the CareFirst network—CVS/caremark Specialty Pharmacy and OncoSource Rx Specialty Pharmacy, depending on your health condition.

By using the CareFirst Exclusive Specialty Pharmacy network, you get specialty medications and personalized pharmacy care management services from a team of clinical experts specially trained in your health condition as well as access to:

- Drug and condition-specific education and counseling
- Confidential, professional and personal care
- On-call pharmacist 24 hours a day, seven days a week
- Insurance and financial coordination assistance
- Online support and resources

Our Specialty Customer Care Team addresses your unique clinical needs, and helps improve adherence, persistency to prescribed therapies and safety, thereby improving your overall health and costs.

Mail Service Pharmacy

Reliable. Fast. Convenient.

Take advantage of Mail Service Pharmacy, a fast and accurate home delivery service that offers a way for you to save both time and money on your long-term (maintenance) prescriptions.*

As a CareFirst BlueCross BlueShield or CareFirst BlueChoice, Inc. (CareFirst) member, once you register for Mail Service Pharmacy you'll have access to:

- Convenient, dependable delivery service to your home or location of choice at no additional cost
- Consulting pharmacists available by phone 24 hours a day, seven days a week when you have questions about your prescription
- Refill options online, by phone or by email
- An automated phone system to check account balances and make payments
- Email notifications of your order status
- Automatic refills with our ReadyFill at Mail® program
- Multiple payment options — credit or debit card, check, electronic check, Bill Me Later®, or money order (CASH is not accepted)

Benefit from ReadyFill at Mail®

Save more time when you sign up for our ReadyFill at Mail® program. With this program you can have your refills automatically sent to you at the appropriate time for no additional cost. We do the refill ordering for you, so you don't have to spend time online, on the phone or filling out a form. If your prescription is about to expire or the last refill has been used we will contact your doctor for you.

This automatic refill option helps you stay on track with your medication therapy regimen so there is less risk of a missed dose of your maintenance medications.

It's easy to start using mail service

Choose one of the following three ways:

Online

Go to www.carefirst.com and log in to *My Account*, click on *Manage My Health*, select *Drug and Pharmacy Resources*, click on *My Drug Home* and select *Order Prescriptions* to set up an account. **Once your account is set up we'll contact your doctor for a prescription.**

By phone

Call the toll-free phone number on the back of your member ID card. Our Customer Care representatives can walk you through the process. **We can contact your doctor directly for a prescription and mail your medications directly to you.**

By mail

If you already have your prescription, you can send it to us with a completed *Mail Service Pharmacy Order Form*. You can download the form by visiting the *Ways to Save* section of www.carefirst.com/rx.

* Long-term or maintenance medications are prescription drugs anticipated to be required for 6 months or more to treat a chronic or ongoing condition such as diabetes, high blood pressure or asthma.

Preferred Dental

Includes access to a National Provider Network

CareFirst BlueCross BlueShield (CareFirst) and CareFirst BlueChoice, Inc. (CareFirst BlueChoice)¹ offer Preferred (PPO) Dental coverage, which allows you the freedom to see any dentist you choose.

Advantages of the plan

- **Freedom of choice, freedom to save**—With Preferred Dental coverage, you can see any dentist you choose. However, this plan also gives you the option to reduce your out-of-pocket expenses by visiting a dentist who participates in our Preferred Provider network. It's your choice!
- **Comprehensive coverage**—Benefits include regular preventive care, X-rays, dental surgery and more. A summary of your benefits is available on the following page. (Additional coverage for orthodontia is included for children and adults).
- **Nationwide access to participating dentists**—You have access to one of the nation's largest dental networks, with more than 95,000 participating dentists throughout the United States. Preferred Dental gives you coverage for the dental services you need, whenever and wherever you need them. You are responsible for deductibles and coinsurance.

Three options for care

- **Option 1**—By choosing a dentist in the Preferred Provider Network, you incur the lowest out-of-pocket costs. These dentists accept CareFirst's allowed benefit as payment in full, which means no balance billing for you.
- **Option 2**—You can receive out-of-network coverage from a dentist who participates with CareFirst, but not through the Preferred Provider Network. Similar to Option 1, there is no balance billing. You are responsible for deductibles and coinsurance, and also have the convenience of your provider being reimbursed directly.

- **Option 3**—You can receive out-of-network coverage from a dentist who has no relationship with CareFirst. With this option, you may experience higher out-of-pocket costs since you pay your provider directly. You can be balance billed and must pay your deductible and coinsurance as well.

Frequently asked questions

How do I find a preferred dentist?

You can access an online directory 24 hours a day at www.carefirst.com/doctor. Click on the Dental tab, followed by Preferred Dental (PPO).

How much will I have to pay for dental services?

The chart on the following page gives you an overview of many of the covered services along with the percentage of what you will pay for each class of services, both in and out-of-network.

Is there a lot of paperwork?

There is no paperwork when you see a participating dentist, you are free from filing claims. However, if you use a non-participating dentist, you may be required to pay all costs at the time of care, and then submit a claim form in order to be reimbursed for covered services.

Who can I call with questions about my dental plan?

Call Dental Customer Service toll free at: (866) 891-2802 between 8:30 am and 5:00 pm ET, Monday–Friday.

¹ The CareFirst BlueChoice Dental Plan is offered in conjunction with Group Hospitalization and Medical Services, Inc., doing business as CareFirst BlueCross BlueShield, which contracts with participating dentists and provides claims processing and administrative services under the Dental Plan.

Select Vision Program

Making vision care more affordable

Vision is one of our most valued assets. Everyone should take precautions to protect this priceless gift. Some vision problems, such as glaucoma, can only be detected through regular, professional vision exams. Without proper care, these problems can gradually grow worse.

Vision benefits: An affordable option

Vision care is one of the least expensive health care benefits you can purchase. It is also one of the first optional benefits chosen by employees when it is offered.

Select Vision helps you commit to routine eye exams and preventive care that help detect small problems before they become serious and costly. Select Vision provides benefits for:

- Comprehensive vision examinations
- Lenses and frames or contact lenses

A name you can trust

CareFirst BlueCross BlueShield is one of the largest health insurers in Maryland. You will be pleased that you have chosen CareFirst BlueCross BlueShield to provide such an important and valuable benefit program.

Freedom of choice

With Select Vision you can choose any licensed vision care provider—in Maryland or out of state. You have complete freedom to choose your own ophthalmologists, optometrists, and opticians. You may choose to see your current provider, a provider convenient to work or home, or take the recommendations of others.

Easy to use

You simply show your CareFirst BlueCross BlueShield membership card to participating providers at the time of service. The participating provider will bill us and we pay them directly for their services. You don't have any paperwork or claims to file.

If you choose a non-participating provider for your care, you must pay the provider. We will reimburse you up to the limits of your vision plan.

Need more information?
Please visit
www.carefirst.com.

Participating providers save you money

Participating providers agree to accept our reimbursement as payment in full for routine eye examinations.

You can identify participating providers by the distinctive CareFirst BlueCross BlueShield Participating Provider plaque in their offices. If you don't see the plaque, you can ask the provider if he or she participates with CareFirst BlueCross BlueShield before you receive care. You may also call CareFirst BlueCross BlueShield member services to find out if a provider participates.

Non-participating providers

You can also receive vision exams, frames and lenses, or contact lenses from non-participating providers. You must pay these providers for these services and submit any bills or receipts to CareFirst BlueCross BlueShield. We will directly reimburse you up to the allowed benefit or scheduled amount. You are responsible for any difference between our allowed benefit and the billed charges.

What is not covered

- Sunglasses (lenses darker than tint 2), even if prescribed.
- Replacement, within the same benefit period, of lost or damaged frames or lenses (including contacts) for which benefits were provided.
- Exams or materials furnished after the member's coverage is terminated (unless lenses and frames or contact lenses are ordered prior to the termination date and received within 30 days after the date of the order).
- Separate exam for contact lens fitting.
