Whether you’re looking for health and wellness tips, discounts on health-related services, or support to manage a health condition, we have the resources to help you get on the path to better well-being.

With our Health & Wellness program you can

- Become aware of unhealthy habits.
- Improve your health with programs that target your specific health or lifestyle issues.
- Access online tools to help you get and stay healthy.
- Manage chronic conditions and deal with unexpected health issues.

15 minutes can help improve your well-being

When it comes to your health, it’s important to know where you stand. You can get an accurate picture of your health status with our confidential, online assessment. 24 hours after you complete the survey, you’ll receive your personalized well-being score, along with a link to create your own personal well-being plan.

Take your well-being assessment today—these may be the most important questions you’ll ever answer! Get started by logging in to My Account at www.carefirst.com/myaccount. Next, click on Health Assessment and Online Coaching under Quick Links.

Getting healthy

Based on your results after completing the well-being assessment, a health coach may contact you to discuss your results. The health coach will refer you to the appropriate resources, tools and programs that can guide you toward better health.

Health Coaching

Participate in confidential lifestyle and health coaching programs to help improve your health. Your coach will monitor your progress and provide support with programs like tobacco cessation, weight loss and disease management for conditions like diabetes or chronic obstructive pulmonary disease.

Coordinating your care

Whether you’re trying to get healthy or stay healthy, you need the best care. CareFirst has programs to help you take an active role in your health, address any health care issues and enjoy a healthier future.

**Patient-Centered Medical Home (PCMH)**

PCMH was designed to provide your primary care provider (PCP) with a more complete view of your health needs, as well as the care you receive from other providers. When you participate in this program, you are the focus of an entire health care team whose goal is to keep you in better health and manage any current or potential health risks.

If you have a chronic condition, or are at risk for one, your PCP may:

- Create a care plan based on your health needs with specific follow-up activities to help you manage your health.
- Provide access to a care coordinator, who is a registered nurse, so you have the support you need, answers to your questions and information about your care.

Find a participating PCMH provider in our provider directory at www.carefirst.com/findadoc.

**Case Management**

If you have a serious illness or injury, our Case Management program can help you navigate the health care system and provide support along the way. Our case managers are registered nurses who will:

- Work closely with you and your doctors to develop a personalized treatment plan.
- Coordinate necessary services.
- Answer any of your questions.

Our Case Management program is voluntary and confidential. For more information, or to enroll, call 888-264-8648.
