1<sup>st</sup> Re-inspection            \$75.00  
2<sup>nd</sup> Re-inspection            \$150.00  
3<sup>rd</sup> Re-inspection +        \$300.00

### Package Requirements

#### Residential

##### **Architectural Elevation Submission:**

- Two ( 2 ) copies of the elevation package to include:
  - Four views (front, both sides and rear)
  - High visibility elevations (typically side and rear with proposed enhanced treatments such as shutters, headpieces, picture frame trim, sill trim, etc.)
  - Show all windows, entry / service doors and associated trim
  - Details of general construction and exterior material selections
  - Deck, porch, railing and stair materials, if proposed as an option
  - Roof pitch and material information
  - Color descriptions of siding, masonry veneer, and roofing if used as a factor in determining distinct house types.
- Floor plans for each level to include basic footprint and overall dimensions. DO NOT include framing, electrical, etc. as this is not a review of building code.
- Proposed mitigation for high visibility lots, if necessary
- Proposed mitigation for projecting garage facades, garage massing, if necessary
- Typical & high visibility / corner lot landscaping palettes for each model, including HVAC screening
- Matrix or master site plan illustrating all distinct house type elevations proposed
- Copy of approved preliminary plan

#### Commercial / Industrial Architecture

##### **Commercial and Industrial Building Elevation Submissions:**

- Two ( 2 ) copies of the elevation package including one ( 1 ) in color
  - Four views ( front, both sides and rear)
  - Show windows, entry / service doors and associated trim
  - Details of general construction and exterior material selections
  - Roof pitch and material information
  - Location of HVAC equipment with screening - fencing, landscaping, etc.
  - Floor plan for each level to include basic footprint and overall dimensions. DO NOT include framing, electrical, etc. as this is not a review of building code.

#### Site Design

##### **Residential Preliminary Plan Submissions:**

- One ( 1 ) copy of the residential site design ( preliminary plan ) to include:
  - Inserts illustrating typical lot layouts
  - Designation of high visibility / corner lots with (HV) symbol
  - Location of entrance signs, if proposed
  - Location of street lights, heights and types
  - Details of pathways, location of passive and active recreational areas
  - Tree save areas
- One ( 1 ) copy of a Community Connectivity Map generated in accordance with the objectives of the Architectural and Site Design Guidelines and Standards (A.S.D.G.S.) Section 4.9

##### **Commercial / Industrial Site Development Plan Submissions:**

- One ( 1 ) copy of the site development plan to include:
  - Design Category designation
  - Street continuity to include pedestrian circulation, bicycle circulation, vehicular circulation
  - Activity spaces and entry amenity areas
  - Lighting / Photometric plan
  - Street furniture details
  - Detailed landscaping plan
